## NOTE FROM THE EDITOR

I can't believe it is already May! We're almost done with another school year, getting ready for summer vacation, and it feels like we just finished packing away the holiday boxes! Good thing summer should bring us some fun and relaxation. To help you get ready, we have a list of local parks, pick your own orchards, and youth businesses that offer summer activities to keep the kids busy. We also have our Summer Camp and Vacation Bible School guides to help in your planning. And last but not least, make sure you check out our article on Pool Safety to make sure everyone stays safe around water this summer.

We're also celebrating Moms this month, and have some perfect gift ideas! If you need to drop any hints, you can always screenshot and "accidentally" send this article to your husband and kids! Wishing you all a wonderful Mother's Day!

# Pool Safety Guidelines

Drowning is the second leading cause of accident-related deaths among children 1-14 years old, and the leading cause for children ages 1-4. Residential swimming pools account for 60-90% of drowning of children aged 0-4 years. Half of these occur at the child's own home and a third at the home of a friend, neighbor or relative.

## Keep your kids safe this summer as you head for the water by following these safety guidelines:

- ▶ **Never leave children alone in or near the pool, even for a moment.** A child can drown in the time it takes you to answer the phone.
- ▶ **Stay within an arm's length of your child and watch them carefully.** Young children don't splash, struggle or make noise when in danger in the water, and often quickly drown in silence. You cannot properly supervise children in water if you are reading, talking on the phone or drinking alcohol.
- ▶ **Do not use flotation devices such as floaties, inflatable rings, etc...** They give you a false sense of security, but they can slip off or deflate easily.

- ▶ **Remove all toys from the pool after use so children aren't tempted to reach for them.**
- ▶ **Don't allow children to eat or chew gum while in the water.** Both are choking hazards during water activities.
- ▶ **Don't swim alone, or allow your children to do so.** Even good swimmers can be injured or become fatigued.
- ▶ **Designate one adult as a "water watcher" when anyone is in the water.** When your child attends swimming events, make sure there is proper adult supervision.
- ▶ **Keep rescue equipment and a telephone near the pool.**
- ▶ **Anyone watching young children around a pool should learn CPR.**
- ▶ **Enroll your children in swimming lessons.** Even very young babies can start learning the basics of water safety.

## Quick Pool Safety Checklist

- ✓ Is your pool surrounded by a climb proof fence?
- ✓ Are the gates self-closing and self-latching?
- ✓ Is the latching mechanism out of reach of children?
- ✓ Are all exit doors and windows leading from the house to the pool kept locked and secured?
- ✓ Is the rescue equipment kept near the pool?
- ✓ If you have a pool cover, is it properly installed? Never use a pool with its pool cover partially in place.
- ✓ Are steps and ladders leading to an above ground pool secured, locked or removed when the pool is not in use?
- ✓ Does the hot tub or spa have a solid locking cover and is the cover in place and locked when the spa is not in use?

**PRACTICALLY  
Perfect  
PRESENTS  
FOR MOM**

By Rhonda Franz

1. **Courier service.** For inside the house. Lether take a break from her usual frenetic pace. Whenever she needs anything from any room, run and get it for her, all day long.
2. **(Bed) Room service.** After you have let her sleep in, of course.
3. **Anightout, anightoff.** With girlfriends, with Daddy, with family—whatever she wants.
4. **A magazines subscription.** The magazines she always picks up to read in a store, but never buys a subscription to.
5. **Fine art.** Not Picasso. Special, personal art from her children: a collection of watercolors and finger paintings placed in a scrapbook or something they brought home from school—framed and ready to hang on the wall.
6. **A hobby gift basket.** Think about what the mom in your life likes to do outside of work, family and household. An artistic mama might need some new tools and art supplies; a knitter or seamstress, perhaps new patterns or yarn. A reading mom would always welcome books.
7. **A game app for her smartphone.** Just in case she needs an excuse to sit around and play a bit.
8. **Subscription to a flower delivery service.** A perfect way to welcome spring and summer.
9. **A totally frivolous new pair of shoes.** A kind she wants and likes, but absolutely does not need (and wouldn't ever buy for herself).
10. **Ditto for a new piece of jewelry.**
11. **Subscription to a grocery delivery service.**
12. **Business cards for her professional "Mom".** Fun contact cards for any mom, whether she works at home or away from it.
13. **No sibling rivalry for at least one day.** (For the moms with children at home.) Fair warning: if you give a mom one day of no sibling rivalry, she is certain to ask for more.
14. **Her favorite drink.** A pound of coffee, a box of gourmet spiced tea, a bottle of her favorite wine (chilled and ready to drink).
15. **Her favorite snack.** More than just a serving size, folks. Perhaps enough to last her a few days?
16. **Cash.** Skip the gift card and hand over some crisp bills. Kids, don't let her spend it on your next field trip.
17. **A personal service she would never purchase herself.** A manicure with nail art, bold highlights in her hair—henna tattoo (or perhaps a real one). Moms get to have fun, too.
